1	I don't really use social media all that much. All my friends now use Instagram and have for a while.	2/24/2019 6:59 PM
2	Instagram seems to be the dominant app used among my friend group.	2/21/2019 4:24 PM
3	Instagram	2/20/2019 2:50 PM
4	Since the introduction of instagram stories. Instagram just did a great job by adding this into their app. Since then, I rarely seen my friends and myself use snapchat anymore.	2/20/2019 4:21 AM
5	using Instagram instead	2/19/2019 7:54 PM
6	1	2/19/2019 7:01 PM
7	Individual cases but I think my generation (now 24) that started with snap chat in high school, 6 years ago, doesn't see value it in anymore with Instagram having mostly the same features and use	2/19/2019 5:25 PM
8	I would estimate that nearly 100% of my time has moved over to Instagram. In addition to Instagram stories which are widely discussed, the application's use case as a communication tool among friends has also replaced Snapchat. Where as in the past different groups of friends would gather on Snapchat for group messages, that application has entirely migrated to Instagram. Usually these groups of messages are catalyzed by a meme on Instagram (where as on Snapchat, it would be one person sending across a picture). While I estimate that I received 50-100 Snapchats daily in 2017, I have received <15 snaps, cumulatively, since the beginning of this year (6 weeks).	2/19/2019 5:24 PM
9	Have changed almost solely to instagram. Their insta-stories basically do the same thing and it is an easier platform to use.	2/19/2019 5:19 PM
10	Easier and improved interface. I use WhatsApp a lot less and prefer to have conversations on snap. Also, Snap forces you for the most part to remember conversations and actively engage given convos get deleted.	2/16/2019 11:49 PM

21	I stopped using Snapchat because I believed it to be childish/teenagerish. It provides useless information,absorbs time and other apps have the exact same features at this point(i.e Facebook & Instagram. I use WhatsApp for photo sharing (much better than iMessage). I also believe the company is a bad investment because it appeals to thin slice of the demographic, without providing any breakthrough features/services. It markets itself as a photo company..and Instagram isn't? Which one has more users and better platform for advertising. Instagram hands down.	2/9/2019 7:05 PM

2	Filters are unique	2/21/2019 4:24 PM
3	My friends are on it. It's way more socially acceptable to message a girl on snap than to DM her on insta. The latter, can be seen as aggressive or creepy. Way easier to wheel on snap.	2/20/2019 2:50 PM
4	When it first came out, there is no other app that has the same function as snapchat. Hence, it became so popular. Few years later, instagram copied. Facebook copied. Youtube copied. You can use anywhere else now.	2/20/2019 4:21 AM

Facebook / Instagram force people to pretend to be these perfect, happy people, and that makes people sad and disillusioned. Snapchat, on the other hand is an accurate representation of what's actually happening in your real life, real-time.	2/8/2019 6:55 PM

53	I use it for funny/ridiculous things I want to send to just a handful of people. You can do that through instagram, but I feel more secure on Snapchat than instagram for things I don't want the world to see broadly.	2/8/2019 5:35 PM

## Q10 What do you NOT like about Snapchat? What could be improved?

Answered: 48 Skipped: 45

#	RESPONSES	DATE
1	The trends. The temporary-ness makes people do stupid stuff on it.	2/24/2019 6:59 PM
2	I do not like the platform of the app. I prefer Instagram-like design.	2/21/2019 4:24 PM
3	It's a great app. Just that it lacks innovation. Most people (or maybe just most of my friends) switched to Instagram because it integrates the stories with posts and that makes everything more interesting, and more convenient too.	2/20/2019 4:21 AM
4	interphase is confusing	2/19/2019 7:54 PM
5	1	2/19/2019 7:01 PM
6	Not anything to NOT like but nothing to necessarily like either, again with Instagram having the same features/use	2/19/2019 5:25 PM
7	Don't see anything wrong with the app -- just don't know anyone that uses it regularly any more. My usage of Instagram is not based on the app being any better, but more so a function of where I'll find my friends spending time	2/19/2019 5:24 PM
8	I feel that it requires a lot of processing power, battery on my phone drains faster when using it (might be a function of high usage)	2/16/2019 11:49 PM
9	Ads. The ads.	2/12/2019 9:36 PM
10	My friends rarely post to it.	2/11/2019 4:25 PM
11	Don't dislike anything about it in particular. It's just an easily replicable business. Easy to copy, like what Instagram did. Don't see it lasting for 10 more years for that reason	2/11/2019 1:49 PM
12	It seemed unnecessary, what's the point?	2/11/2019 10:25 AM
13	Not a big selfie / picture sharer and that's all you can really do with it. I'd probably use it more if I had something to market though	2/10/2019 9:34 PM
14	Chatty	2/10/2019 7:42 PM
15	story function could be more organized	2/10/2019 4:54 PM
16	Nothing really to not like... people just slowly stopped using it. It isn't useful for chatting, since messages disappear, so it's not a particularly useful product	2/10/2019 11:39 AM
17	Nothing. Perhaps the interface (seeing it though friends phones).	2/9/2019 7:05 PM
18	Spam. Too much emphasis on sucking my time my dev	2/9/2019 4:36 PM
19	Can't think of a lot of negatives. Just not a social media guy	2/9/2019 2:14 PM
20	interface changes regularly, need to figure out how to use new features	2/9/2019 10:54 AM
21	UI design could be better. Chat feature could be better. Instagram beat them on design. Messenger beat them on chat. It used to be good for younger crowd but I think Tik Tok has the most momentum now for the youngest social media users.	2/9/2019 10:27 AM
22	Don't know. Just leave it as is.	2/9/2019 10:01 AM
23	Does not feel as snappy as Insta	2/9/2019 5:17 AM
24	Very limited as a messaging platform. Prefer WhatsApp or FB messenger	2/8/2019 10:39 PM
25	Terrible UI. Not intuitive. Good filters but the stickers are so much better in Instastory.	2/8/2019 9:24 PM
26	N/A	2/8/2019 9:05 PM
27	Fewer advertisements and sponsored content. I personally don't care about celebrities who have stories up and don't want to see them	2/8/2019 9:01 PM

## Whitney Tilson's Snapchat survey

28	The interface is not easy and the messaging can be improved a lot.	2/8/2019 9:00 PM
29	None of my friends use it	2/8/2019 8:36 PM
30	There are few friends	2/8/2019 8:04 PM
31	Not that interesting anymore, never liked the last page with all the ads and featured stories	2/8/2019 7:47 PM
32	interface. Not as easy to navigate as some other social media platforms	2/8/2019 7:38 PM
33	Discover is still a click-bait mess, and I do wish people still posted more stories like they used to (this has clearly gone down among my age group!)	2/8/2019 6:55 PM
34	I don't like that you can see exactly where people are when using the app. I spend most of my time in ghost mode.	2/8/2019 6:48 PM
35	The interface is confusing. The interface.	2/8/2019 6:40 PM
36	Too resource intensive and my friends stopped joining.	2/8/2019 6:40 PM
37	Na	2/8/2019 6:33 PM
38	get my friends back on it lol	2/8/2019 6:33 PM
39	It's data-hungry - they mess with the UI too much, content can be trashy and teen-focused.	2/8/2019 6:30 PM
40	None	2/8/2019 6:29 PM
41	Drunk snaps	2/8/2019 6:21 PM
42	I think snapchat and texting could be better integrated because that's how I see snapchat now, as more of texting a picture to a group of friends. If typing on snapchat were improved or modified so that it was more like texting, I think people could actually switch over from using text to using snapchat in many more ways.	2/8/2019 6:04 PM
43	Easy to get locked out	2/8/2019 5:41 PM
44	It's a fine product, just sort of duplicative if you are an avid Instagram user.	2/8/2019 5:35 PM
45	kind of impersonal.	2/8/2019 5:26 PM
46	Ads.	2/8/2019 5:20 PM
47	Nothing	2/8/2019 4:55 PM
